Coda

Sing-ing songs to you, I feel you walk with me...

On this path of peace, on this road I'm walking,
Singing songs to you, on this path of peace.

And it's a long, long road, and I'm always walking.
You are everywhere; I feel you walk with me.

You put me in a holy place, walk with me in the morning.
You let the sun shine on my face
So here I am, here you are.

You put me in a holy place and gave me the moon this evening,
Bringing to light my darkened space.
So here I am, here you are.

On this path of peace, on this road I'm walking,
Singing songs to you, on this path of peace.
Singing songs to you, I feel you walk with me...
